R., Research Officer, KERS, Dr. C. Ramakrishnegowda, Head of Civil Engineering and other Asst. ROs of KERS are seen releasing the “Proceedings of The Conference on Project Works 2018 – 19”.

The two day conference will see 36 batches (143 students) of final year Civil Engineering students presenting their works for 20 minutes each, which will be evaluated by the field specialists who are research officers at KERS. Parallaly, the project expo will be a showcase of these batches' works through posters, models and

samples as applicable. Based on the evaluation of presentations and the exhibits in the expo, 'best project' award will be conferred on the winners.

Further, the proceedings compiled by Asst. Prof. Aniruddha A. M., released today, houses in it the abstracts of works on various streams of Civil Engineering such as Structural engineering, Concrete Technology, Water resources engineering, Transportation engineering, Environmental engineering and Geotechnical engineering. This book has been brought out with the intention of making the students know the importance of publications in the field of engineering and inculcate the 'publication culture' amongst the young graduates.

The expo will be open for public and enthusiasts also from 10.30 am to 11.00am and 1.00 pm to 1.45 pm on both the days. For visits contact 9241 032 032 / 9480849441.
