

MAHARAJA INSTITUTE OF TECHNOLOGY MYSORE

DEPARTMENT OF MECHANICAL ENGINEERING

VOCATIONAL COURSES

The department of Mechanical Engineering in MIT Mysore has a practice of introducing their students for various skill-up gradation and knowledge enhancing activities that suit industrial preparedness. The students of 2nd year and 3rd year are trained under various certified programs by the authorities during their academic vacation since the start of the institution.

For 2nd year students, CATIA V5 19 training is organized for 15 days in association with M/s Manjunatha Design Solutions Pvt. Ltd. Bengaluru during Jan-Feb vacations. The Course fee is Rs. 2000.00 per candidate, which includes Lunch and Tea. Since 2008, 11 batches of students have undergone the training. And this is mandatory for all the 2nd year students of the department.

For 3rd year students, several programs will be conducted and the selection of courses is made on first come first select basis upon the payment of fee as per the structure. The training sessions are arranged at inside and outside the campus. The organization of these vocational programs is been there since 2009 and is mandatory to undergo any one among the programs. The details of such programs are given below.

Sl. No	Program	Duration	Fees in Rs	Location
1	Hydraulics and Pneumatics	3 Days	1800.00	VTU-RC Bosch Center Mysuru
2	Eicher Automobile Training	6 Days	3500.00	NECAT, NIE Mysuru
3	CNC Turning and Milling	5 Days	3500.00	CNC Center, NIE Mysuru
4	CNC Turning and Milling	5 Days	2000.00	Govt. ITI NR Mohalla Mysuru
5	Mechatronics	3 Days	2000.00	Automation Center, NIE Mysuru
6	Mechatronics	3 Days	1500.00	CEMTER, MITM

The course on Mechatronics at CEMTER, MITM also provides training sessions for students of other departments, other institutes and industrial personalities. The program here can be tailored as per the requirements and the fee on such cases may vary than the above mentioned.
