Prof. Seema C K

Asst. Professor

Dept. of CSE

MIT, Mysore

On January 2023, the second year students of Computer Science and Engineering, Maharaja Institute of Technology visited Somanathpura temple, Mysore as a part of academics. Mysore

REPORT:

Heritage tourism can provide an economic reason to preserve that heritage. No heritage, no heritage tourism. An added benefit from heritage tourism is the chance to change community perceptions of the way in which heritage places should be treated. They learn about, as well as enjoy the experience.

Heritage tourism has the following features which are particularly appealing to regional social well being: based largely on existing infrastructure• offers tourism diversification away from the (often) heavy reliance on existing resort areas and• peak seasons establishes heritage structures and landscapes as economic assets• engenders respect and value for the social history of communities that have been marginalized through changes to the economic base and demography.
