## Department of Electronics and Communication Engineering

FDP'S AND SDP'S CONDUCTED BY THE DEPARTMENT OF ELECTRONICS and COMMUNICATION ENGINEERING

Sl. No.	Particulars	Nature of the Program	Duration
1	Convergence on AI & IOT for smart health	ATAL FDP	**2023-24**
2	Pedagogic principles and advanced ICT Tools for engineering and management education	FDP	**2022-23**
3	Virtual reality and holosuit	WORKSHOP	**2021-22**
4	Demonstration of control system and signal systems concepts	WORKSHOP	**2021-22**
5	Machine learning with python	WORKSHOP	2020-21
6	Sustainable development through values and ethics integrated technical education	WORKSHOP	2020-21
7	Robotics workshop Televox 1.0	WORKSHOP	2020-21
8	Recent trends in engineering	WORKSHOP	2020-21
9	Research Pedagogy- Tools & Skills	FDP	2020-21
10	Applications of the Subjects Studied in Engineering: Academia and Industry Perspective	Webinar	2020-21
11	"Exploring Excellence".	FDP	2019-20

12	Basic electronics & PCB Design.	WORKSHOP	2019-20
13	"eSim" First Course in the IoT Series Conducted.	WORKSHOP	2019-20
14	Evolution of research techniques, tools and commercialization aspects.	WORKSHOP	2018-19
15	Android App development and IOT TECHNOVATION 2018.	WORKSHOP	2018-19
16	Simulation And Real World Application Of Control Systems And Signals And Systems.	WORKSHOP/FDP	2017-18
17	Mobile making and IOT work shop.	WORKSHOP	2017-18
18	6th International Conference on Signal & Image Processing, 2017 (ICSIP - 2017)	International Conference	2017-18
19	CMOS, Mixed Signal and Radio Frequency VLSI Design".	WORKSHOP/FDP	2016-17
