

Higher Education Guidance

Dr. T Vasudev gave a speech to first-year MCA students on **February 19, 2024**. He began by wishing the students a happy college experience and an MCA programme. Every student was given a chance to introduce themselves, discuss their prior college experiences, and explain why they had chosen MCA. He gave a briefing on the state of technology now and the prospects that await MCA. He talked about each MCA course and the difficulties that students will encounter along the way. He also emphasised the proficiency level they will encounter in the future.
